Using a course to satisfy more than one requirement does **not** reduce the credit total required for graduation.

◆ Courses used to satisfy the general education requirements of the university must be taken from a minimum of six different academic disciplines. First Year Seminar and Level I Written Communications courses are exempt from this restriction. Courses may not be used to fulfill both major discipline and general education requirements.

‡ These Scientific Reasoning General Education Category courses do not have to be a sequence or be from the same discipline.

‡ Level II and Level III Written Communications Courses may be used to satisfy requirements anywhere else in a student's program of study where they may apply. The credits are counted only in one area.

† As part of the credit specified for sociology electives, it is required that one course be selected from each of the following areas: African-American Studies and Cultural Diversity. Also, no more than 6 hours may be chosen from the following three courses: SOC 401, SOC 520, and SOC 530 without permission of the department chairperson.
