SOC	201	Introduction to Sociology	3	
MAT	147	Statistics	3	
∞ Minor (15-18 credits total) or Electives (200-400 Level)				
♪ Credits are based upon accredited Allied Health Associates degree program				
		Allied Health Electives	21	

- ♥ Students may choose to use support courses to satisfy general education categories, but may not be required to do so. **Note:** If a course is used to satisfy two or more requirements (for example, a support course and Scientific Reasoning requirement), the credits are counted in only one place. Using a course to satisfy more than one requirement does **not** reduce the credit total required for graduation.
- ♣ Courses used to satisfy the general education requirements of the university must be taken from a minimum of six different academic disciplines. First Year Seminar and Level I Written Communications courses are exempt from this restriction. Courses may not be used to fulfill both major discipline and general education requirements.
- # These Scientific Reasoning General Education Category courses do not have to be a sequence or be from the same discipline.
- ‡ Level II and Level III Written Communications Courses may be used to satisfy requirements anywhere else in a student's program of study where they may apply. The credits are counted only in one area.
- ♦ If all Support Courses are used to fulfill general education categories, then there is space on the right side of the flow sheet for a minor.
- ∞ If you are planning to Minor (15-18 credits required), you may need to take more than 120 credits for graduation (including minor).
- ♪ For students with an Associate degree in an approved health profession program, up to 21 credits in the Allied Health field will be granted.

♦ COMPETENCIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS	♦ GENERAL EDUCATION CATEGORIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS
--	--

Exceptions in the timing of courses will be made for transfer students

Total credits for graduation: 120-124

Effective: 9/2017
