▼ Students may choose to use support courses to satisfy general education categories, but may not be required to do so. **Note:** If a course is used to satisfy two or more requirements (for example, a support course and Scientific Reasoning requirement), the credits are counted in only one place. Using a course to satisfy more than one requirement does **not** reduce the credit total required for graduation.

- Courses used to satisfy the general education requirements of the university must be taken from a minimum of six different academic disciplines. First Year Seminar and Level I Written Communications courses are exempt from this restriction. Courses may not be used to fulfill both major discipline and general education requirements.
- # These Scientific Reasoning General Education Category courses do not have to be a sequence or be from the same discipline.
- Level II and Level III Written Communications Courses may be used to satisfy requirements anywhere else in a student's program of study where they may apply. The credits are counted only in one area.
- As part of the credit specified for sociology electives, it is required that at least one course be selected from each of the following areas: African/African-American Studies and Cultural Diversity. Also, no more than 6 hours may be chosen from the following three courses: SOC 401, SOC 520, and SOC 530 without permission of the department chairperson.
- Social Inequality Electives may be selected from the following courses: SOC 300, 301, 302, 303, 305, 306, 307, 309, 316, 317, 318, 331, 333, 334, 335, 336, 339, 340, 341, 345, 348.

♦ COMPETENCIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS

♦ GENERAL EDUCATION CATEGORIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS

Effective: 9/2015
