|       | 222                         | General Physics II |     |  |  |  |

#### Required Minor: Chemistry (16 credits total)

| CHE | 130 | General Chemistry I  | 4 |  |
|-----|-----|----------------------|---|--|
| CHE | 131 | General Chemistry II | 4 |  |
| CHE | 212 | Organic Chemistry I  | 4 |  |
| CHE | 213 | Organic Chemistry II | 4 |  |

- ▼ Students may choose to use support courses to satisfy general education categories, but may not be required to do so. **Note:** If a course is used to satisfy two or more requirements (for example, a support course and Scientific Reasoning requirement), the credits are counted in only one place. Using a course to satisfy more than one requirement does **not** reduce the credit total required for graduation.
- Courses used to satisfy the general education requirements of the university must be taken from a minimum of six different academic disciplines. First Year

  Seminar and Level I Written Communications courses are exempt from this restriction. Courses may not be used to fulfill both major discipline and general education requirements.
- # These Scientific Reasoning General Education Category courses do not have to be a sequence or be from the same discipline.
- Level II and Level III Written Communications Courses may be used to satisfy requirements anywhere else in a student's program of study where they may apply. The credits are counted only in one area.
- Two electives must be chosen from the following courses: BIO 311, 312, 313, 316, 340, 400, 406, 407, 408, 409, 411, 412, and 416. At least one of these must be a 400 level course, one elective is to be a general elective (any 300-400 course not otherwise restricted)
- † This elective within the major is to be chosen from 300 to 400 level courses, exclusive of BIO 304, 324, and 328.
- A maximum of 4 credits from BIO 407, 408, 416, 418, or 422 may be used to fulfill one Biology elective; additional credits will count as Free Electives.
  - The sequence can be either PHS 211A and 212A or PHS 221 and 222.

♦ COMPETENCIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS

Total credits for graduation: 120

lacktriangle GENERAL EDUCATION CATEGORIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS

Effective:9/2016
