* Post Baccalaureate Graduate Electives (9 credits total)

Students may choose to use support courses to satisfy general education categories, but may not be required to do so. Note: If a course is used to satisfy two or more requirements (for example, a support course and Scientific Reasoning requirement), the credits are counted in only one place. Using a course to satisfy more than one requirement does not reduce the credit total required for graduation.

Courses used to satisfy the general education requirements of the university must be taken from a minimum of six different academic disciplines. First Year Seminar and Level I Written Communications courses are exempt from this restriction. Courses may not be used to fulfill both major discipline and general education requirements.

Ħ These Scientific Reasoning General Education Category courses do not have to be a sequence or be from the same discipline

Level II and Level III Written Communications Courses may be used to satisfy requirements anywhere else in a student's program of study where they may ‡ apply. The credits are counted only in one area.

* The additional credits listed above are required for graduate certificate.

Total credits for BS and Certificate: 129 credits.

Choose any three courses from the following list:

COM 700 and one other graduate course listed may be applied toward the BS.

♦ COMPETENCIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS ♦ GENERAL EDUCATION CATEGORIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS

Exceptions in the timing of courses will be made for transfer students

†Total credits for graduation:120 Total credits for graduation and certificate : 129

Effective: 5/2016
