COM	710	Communications Technology	3	
COM	715	Persuasion, Propaganda and PR	3	
COM	716	Communications in the Global Village	3	
IDS	725	IT Fluency in Profess. Practice	3	

♥ Students may choose to use support courses to satisfy general education categories, but may not be required to do so. **Note:** If a course is used to satisfy two or more requirements (for example, a support course and Scientific Reasoning requirement), the credits are counted in only one place. Using a course to satisfy more than one requirement does **not** reduce the credit total required for graduation.

- ♣ Courses used to satisfy the general education requirements of the university must be taken from a minimum of six different academic disciplines. First Year Seminar and Level I Written Communications courses are exempt from this restriction. Courses may not be used to fulfill both major discipline and general education requirements.
- # These Scientific Reasoning General Education Category courses do not have to be a sequence or be from the same discipline
- ‡ Level II and Level III Written Communications Courses may be used to satisfy requirements anywhere else in a student's program of study where they may apply. The credits are counted only in one area.
- * The additional credits listed above are required for graduate certificate.
- † Total credits for BS and Certificate: 129 credits.
- ‡ COM 700 and one other graduate course listed may be applied toward the BS.

♦ COMPETENCIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS
