♥ Students may choose to use support courses to satisfy general education categories, but may not be required to do so. **Note:** If a course is used to satisfy two or more requirements (for example, a support course and Scientific Reasoning requirement), the credits are counted in only one place. Using a course to satisfy more than one requirement does **not** reduce the credit total required for graduation.

- ♣ Courses used to satisfy the general education requirements of the university must be taken from a minimum of six different academic disciplines. First Year Seminar and Level I Written Communications courses are exempt from this restriction. Courses may not be used to fulfill both major discipline and general education requirements.
- ‡ These Scientific Reasoning General Education Category courses do not have to be a sequence or be from the same discipline.
- ¶ Level II and Level III Written Communications Courses may be used to satisfy requirements anywhere else in a student's program of study where they may apply. The credits are counted only in one area.
- ¶ Across the categories of "Approached to Language, Literacy and Writing" and "Genre", students must distribute 6 credits from the following courses: ENL311, ENL313, ENL314, ENL315, ENL316, ENL317, ENL318, ENL410, ENL411, ENL412, ENL424, ENL502, AND ENL508.
- % Graduate writing electives are to be chosen from the following courses: ENG816, ENG 822A, ENG830, ENG833, ENG870.
- ♫ Elective chosen in consultation with Program Coordinator
