- ▼ Students may choose to use support courses to satisfy general education categories, but may not be required to do so. **Note:** If a course is used to satisfy two or more requirements (for example, a support course and Scientific Reasoning requirement), the credits are counted in only one place. Using a course to satisfy more than one requirement does **not** reduce the credit total required for graduation.
  - Courses used to satisfy the general education requirements of the university must be taken from a minimum of six different academic disciplines. First Year Seminar and Level I Written Communications courses are exempt from this restriction. Courses may not be used to fulfill both major discipline and general education requirements.
  - # These Scientific Reasoning General Education Category courses do not have to be a sequence or be from the same discipline.
  - ‡ Level II, Level III Written Communications and Diversity, Power Dynamics and Social Justice Courses may be used to satisfy requirements anywhere else in a student's program of study where they may apply. The credits are counted only in one area.
  - \* Students who are double majoring in WLC and International Business may count the following Business courses towards Section C of this flowsheet: BUS 370, MGT 472, BUS 473, MGT 345, MKT 445, FIN 350.

♦ COMPETENCIES - TO BE COMPLETED WITHIN THE FIRST 30 CREDITS
